

June 2015

To whom it may concern

We used Amazing Transport at the end of 2014 to relocate our business within the Longmeadow Office Park, Longmeadow, which included some 150 000 boxes of stock, plant, equipment, furniture and around 100 staff compliment.

We were very satisfied with the services from Amazing Transport. The move was efficient, with downtime being within limits. They met all deadlines and the entire move was professionally supervised and managed.

We would highly recommend Amazing Transport and their services, and would use them in future if the need arises.

Kind regards
