LETTER OF RECOMMENDATION

We employed the services of Amazing Transport in January 2016 to move our offices in Greenstone to Midrand and Spartan. This consisted of the moving of furniture, IT and related equipment, bulk filing systems, boxes, pot plants and various office equipment and effects. All of our expectations were timeously met and they fully fulfilled their obligations as undertaken. The move full professionally supervised and managed. We highly recommend their services and would not hesitate to use them again.

Your Sincerely

Melanie Basson
Project Manager
